The West Central Texas Municipal Water District (District) is requesting proposals from qualified certified public accounting firms to audit financial statements for the fiscal years ending September 30, 2021, September 30, 2022, and September 30, 2023. The audit is to be performed in accordance with U.S. generally accepted auditing standards and requirements of the Texas Commission on Environmental Quality (TCEQ).

The proposals will demonstrate the firm's qualifications by providing experience and credentials of those who will be assigned to the project, a history of similar audits conducted by the firm, the fee structure and an estimate of the total cost for the audit.

There is no express or implied obligation for the District to reimburse responding firms for any expenses incurred in preparing proposals in response to this request.

To be considered, a proposal must be received at 410 Hickory Street, Abilene, Texas by 3:00 P. M., March 29, 2021. The District reserves the right to reject any or all proposals submitted. Proposals submitted will be evaluated by the District's Finance Committee assisted by District Staff.

During the evaluation process, the Finance Committee of the District reserves the right, where it may serve the District's best interest, to request additional information or clarifications from any firm or person submitting a proposal, or to allow correction of errors or omissions. The District may request clarifications regarding the proposal, or ask for an oral presentation from the firm submitting a proposal as part of the evaluation process. The Finance Committee will meet on April 15, 2021.

Submission of a proposal indicates acceptance by the firm of the conditions contained in this request for proposals, unless clearly and specifically noted in the proposal submitted and confirmed in the contract between the District and the firm selected.

Selection of an audit firm to conduct final contract negotiations based on proposals submitted will be made by the District Board at its regular board meeting which is currently scheduled for May 12, 2021.

The District will reserve the right to negotiate contracts with a selected alternative firm in the event contract terms satisfactory to the District are not negotiated with the first firm selected.

The Board of Directors of the District is appointed by the governing bodies of the cities it serves.

The District uses the modified accrual basis of accounting for its day to day operations. Under this method, revenues are recorded when they are both measurable and available. Expenditures, other than interest and principal payments on long-term debt, are recorded when the liability is incurred. The audited financial statements will be presented in accordance with GASB Statement 34, or current revision thereof.

The District adopts its Budget for the General Fund and the Capital Projects Fund on a basis consistent with generally accepted accounting principles. General Fund appropriations lapse at each year's end. Budgets may be properly amended during the year as needed by the Board of Directors.

Proposals submitted will be evaluated by the Finance Committee and Staff of the District.

Proposals will be evaluated using three sets of criteria. Firms meeting the mandatory criteria will have their proposals evaluated for both technical qualifications and price. The following represent the principal selection criteria which will be considered during the evaluation process.

a. Mandatory Elements

- (1) The audit firm is independent and licensed to practice in Texas.
- (2) The firm has no conflict of interest with regard to any other work performed by the firm for the District.
- (3) The firm adheres to the instructions in this request for proposals on preparing and submitting the proposal.

b. Technical Qualifications

(1) Expertise and Experience

- (a) The firm's past experience and performance on prior engagements with the District.
- (b) The firm's past experience and performance on similar engagements with other governmental entities.
- (c) The quality of the firm's professional personnel to be assigned to the engagement and the quality of the firm's management support personnel to be available for technical consultation.

c. Fee Estimate

ESTIMATED COST WILL NOT BE THE PRIMARY FACTOR IN THE SELECTION OF AN AUDIT FIRM. The District will review the fee to insure it is fair and reasonable.

During the evaluation process, the Finance Committee, at its discretion, may request any one or all firms to make oral presentations. Such presentation will provide firms with an opportunity to answer any questions the Finance Committee may have on a firm's proposal. Not all firms may be asked to make such oral presentation. The Finance Committee will recommend to the Board of Directors the most qualified firm.

Submission of proposal indicates acceptance by the firm of the conditions contained in this request for proposals unless clearly and specifically noted in the proposal submitted and confirmed in the contract between the District and the firm selected.

THE WEST CENTRAL TEXAS MUNICIPAL WATER DISTRICT RESERVES THE RIGHT WITHOUT PREJUDICE TO REJECT ANY OR ALL PROPOSALS.
